

History

**2004** Volvo Ocean Race. 6 of 7 boats Harken® equipped.

Designed for men's feet

Orthotic-grade arch, heel, and metatarsal support for comfort and whole body alignment

Quick-dry materials with padded-mesh inside straps to prevent chafing or blisters

Adjustable toe strap

#11186002 Antigua Flip-Flop

The men's Antigua Flip-Flop features a 4-part multiple density sole construction with orthotic grade arch, heel, and metatarsal support for comfort and whole body alignment. With Harken's patent-pending sole technology and 360-degree traction, these flip-flops grip enough for light work on wet surfaces and are durable enough for everyday wear. The adjustable webbing toe strap allows a customized fit and foot placement. The rubber toe cap prevents stubbing. Imported.

*Fabric: synthetic nylon upper, EVA midsole, rubber outsole*
