

MEN'S

BALLISTIC PADDED ECO PANTS

2 extra-deep hand pockets, leg pocket, and 2 back pockets

Renewable, sustainable, naturally anti-microbial fabric

Stretch Ballistic Nylon Reinforcement

Double foam pads for knees and 2 individual pads for rear insert (included)

Style #11170005 Ballistic Padded Eco Pants, Sand

Style #11170015 Ballistic Padded Eco Pants, Carbon

These padded sailing pants are exactly what sailors have been looking for. Sustainable fabrics are made with renewable bamboo fibers and odor-fighting carbon. 4-way stretch, quick-dry materials move with your body and wick away moisture to regulate body temperature, keeping you dry and comfortable. Reinforced stretch panels on back and on the knees protect against abrasion. Reinforced with Harken's exclusive signature Stretch Ballistic Nylon. Imported.

Fabric: bamboo, carbon, nylon, spandex with 4-way stretch
